Dear Harold and Lil, 10/11/98

Please accept my heartfelt thanks for your most gracious hospitality. It is both refreshing and inspiring to be in your company! As hokey as this may sound, Americans who still care, remember and want to find some closure concerning this barbarous assassination owe you both a standing ovation! I am in awe of your selfless dedication and persistence in your lifes work! Please allow me to learn all I can from your work, maybe in some small and I hope humble way, I could carry it on, Monetary gain is not my purpose either!

I must also comment on something I saw this weekend at your home, something even more heartwarming - The total dedication and mutual respect between the two of you is so endearing! Thankyou!

God bless you two every day!

Thomas Weaver.
